

Space Ghost's - Something To Think About

Space Ghost

Here's Space Ghost with something to think about!
Today, boys and girls
Put your best foot forward
If you're not sure which of your feet is your best foot
Flip a coin
Or have your feet run a race
When putting your best foot forward
Be sure to have the proper footwear
If this requires purchasing new shoes
It's best that you get two...
A right one and left one
And remember...
People judge you not by the size of your feet
But by whether your socks match
Thank you.
