

Quiet Beach

Space

She kicked and she bit me all summer long
She stood at the edge of the sand all summer long

On some Quiet Beach we sing songs for the sea
On some Quiet Beach we found our virginity

We talked pretty poison all summer long
We were washed up and wasted all summer long

On some Quiet Beach we sing songs for the sea
On some Quiet Beach here with the waves we breathe

On some Quiet Beach we sing songs for the sea
On some Quiet Beach we found our virginity

On some Quiet Beach we sing songs for the sea
And on some Quiet Beach here with the waves we breathe

She kissed me like a gunshot all summer long
Swimmin' out to meet our ghosts all summer long

On some Quiet Beach we sing songs for the sea
On some Quiet Beach we found our virginity

And on some Quiet Beach we sing songs for the sea
On some Quiet Beach lost with the waves that we breathe
