

Like when you fall from the sky  
And see the world from the side  
Love always gets in the way  
Just like in Hutch and Starsky  
I'd like to leave without a trace  
Blow you all to outer space  
See you later now I'm gone  
So long I'll see you when I'm  
Starside  
Tell me when I'm home  
Starside  
Tell me when I'm home

See how we'll fall like a child  
Watch them collide  
Love always gets in the way  
Just like in Hutch and Starsky

I'd like to leave without a trace  
Press record and then erase  
See you later, now I'm gone  
So long, I'll see you when I'm  
Starside  
Tell me when I'm home  
Starside  
Tell me when I'm home  
ell me when I'm, home
