

Our Love Is Gonna Live Forever

Spain

Tonight's the night
That we're alone
So baby turn the lights down low

Girl our love is gonna live
Forever

All it took was just
One kiss
You're the one I'm gonna miss

Girl our love is gonna live
Forever

Soon we will be far apart
But girl you've gone and
Touched my heart
And tomorrow
I'm gonna love you
Just like I do today
Today
