

## Ten Nights

Spain

Story book fable is ending  
As ten angels are descending  
I forget that you are my only friend  
Love is my only devotion  
Ten little steps to the ocean  
Ten nights to decide whether I could live alone  
Ten nights all alone  
Praying you haven't gone  
I can't stop love  
I can't erase what's been written down  
Story book fable is ending  
As ten angels are descending  
I forget that you are my only friend
