

Code of Love

Spandau Ballet

He put so much into her life
she took so much out of his
it was a crucial assignment
No-one ever asked for this.
It was a little confusing
He thought he knew what to do
but now they're walking in silence
little girl, and soldier blue
Well she wrote you a song saying that she approved
but you didn't understand
and when love comes along it's just a Catcher in The Rye
it's hard to make those long term plans.
Well it's the code of love
you don't understand her.
Well it's the code of love
you could never ask for more.
They made a certain agreement
he's bound to do what he's told
he ran back home with the message
screwed up in a pocket cold.
She sat at home with her reason
a sour note and a tear
but love comes home for the season
breaking down the walls of fears.
Well it's the code of love
you don't understand her.
Well it's the code of love
you could never ask for more.
