

## Getting It Wrong

Sparklehorse

set your woods on fire  
hide up in the spires  
the flames kept dancing higher  
they're playing our song  
they're playing our song  
they're getting it wrong  
ophelia in the creek  
caught up in the sticks  
some things can't be fixed  
they're playing our song  
they're playing our song  
they're playing our song
