

Pig, pig  
Why don't you sing me that  
Pretty lullaby?  
Then when you're singing great  
Pack it all up  
I wanna new face right now  
And I want it bad  
I wanna new body that's strong  
I'm a butchered cow  
I wanna try and fly  
I wanna try and die  
I wanna be a pig  
I wanna fuck a car  
I wanna new face right now  
And I want it bad  
I wanna new body that's strong  
I'm a butchered cow  
I wanna be a stupid and shallow motherfucker now  
I wanna be a tough skinned bitch but I don't know how  
I wanna be a shiny new baby with a spongy brain  
I wanna be a horse full of fire what will never reign
