

## Holiday

## Sparks The Rescue

I feel more like a prisoner today  
Oh, I want to go but I can't get away  
I'm chained like a dog  
Inside of this town  
But you can frame me with your love, oh  
Show me just what you're made of  
Silk and gold, or skin and bones or  
The patterns in the town

Get in my car  
So baby we can compass stars  
oh oh, oh oh

I wanna take you on a holiday  
A getaway baby  
Hitchhike out to Hollywood  
Cause the weathers good out here  
This time of year  
It's like paradise  
Really must be nice somewhere  
Somewhere far away from here  
Somewhere far away from here

I fell in I can see it now  
You and I headed westward bound  
To break the rules, sleep til noon  
Don't it make you sad  
Don't be afraid to take my hand  
Well I stuff my sleeve with all these plans  
To go toe to toe or dosey doe  
Get high and get so low

Sat on my car  
And we stared up at the stars  
oh oh, oh oh

I wanna take you on a holiday  
A getaway baby  
Sail away to Tokyo  
Cause it's the place to go I hear  
This time of year  
It's like paradise  
Really must be nice somewhere  
Somewhere far away from here  
Somewhere far away from here  
Somewhere far away from here

Plan a prison break  
Out of the working day  
9 to 5 with minimum wage

I wanna take you on a holiday  
A getaway baby

I wanna take you on a holiday  
A getaway baby  
Hide out to Amsterdam

Got a contact in  
Oh oh, holiday

Somewhere far away from here  
Somewhere far
