

How to Make a Heart Hollow

Sparks The Rescue

Losing you has been the hardest thing I've done
It's hard to breathe when you're standing on the sun
When I dream it's you and what I've undone
I took a chance to dance with a loaded gun

If you need to go
As fickle as the seasons
If its just one of you're games
That you like to play
Just say you ain't leaving

Keeping you is the hardest thing I've done
Soft skin, arguments that no one won
It's haunting me, all I've undone
I want it back, still in tact, be my someone

If you need to go
As fickle as the seasons
If its just one of you're games
That you like to play
Just say you ain't leaving
And when the sun rises tomorrow
Mixing pain and sorrow
Ah its just one of my games
I've already named
How to make a heart hollow

Let it go darling
If your kite gets tangled in the wires
Let it grow in the garden
You guard it with your life
Let it show darling
Only time can tell if it was really love
Let it grow in the garden
You guard it with your life

If you need to go
You're as fickle as the seasons
If its just one of you're games
That you like to play

If you need to go
As fickle as the seasons
If its just one of you're games
That you like to play
Just say you ain't leaving
And when the sun rises tomorrow
Mixing pain and sorrow
Ah its just one of my games
I've already named
How to make a heart hollow
Yea its just one of my games
I've already named
How to make a heart hollow

Losing you has been the hardest thing I've done
So let it done darling

Losing you has been the hardest thing I've done
So let it done darling
Losing you has been the hardest thing I've done
So let it done darling
Losing you has been the hardest thing I've done
So let it done darling
