

# She's a Bitch, and I'm a Fool

Sparks The Rescue

I remember way back when we used to hold each other's hands  
It was you and me, time drifted off to sea  
I had you  
Friday nights with shots of whiskey in the street  
This town don't feel alive when you go sailing far from me

Why can't you see when it meant everything to me, no  
Why can't I sleep?  
She's a bitch and I'm a fool, I'm a fool she loves me not  
And I tried to play it cool but my cool is running hot, oh yeah  
Felt like a movie when you walked out slowly  
Stuck on repeat during the last scene

I haven't been sleeping well  
And I can only blame myself  
When I fight with your photographs  
And they seem to fight right back, yeah  
It's always haunting me  
A thousand words I'm supposed to see  
A Polaroid of a memory  
When you were always telling me

Why can't you see when it meant everything to me, no  
Why can't I sleep?  
She's a bitch and I'm a fool, I'm a fool she loves me not  
And I tried to play it cool but my cool is running hot, oh yeah  
Felt like a movie when you walked out slowly  
Stuck on repeat during the last scene (during the last scene)

She's a bitch and I'm a fool, I'm a fool she loves me not  
And I tried to play it cool but my cool is running hot, oh yeah  
Felt like a movie when you walked out slowly  
Stuck on repeat during the last scene
