

## Big Boy

Sparks

The earth is shaking, so am I  
If you don't run, it's suicide

Big Boy, Big Boy

My name is David, he don't care  
He's never nice, he's never scared

Big Boy, Big Boy

Big Boy comes around  
Throws his weight around  
Throws our girls around  
Leaves without a sound

Big Boy, Big Boy

He's well-equipped, the girls are sure  
Is that a guess, or something more

Big Boy, Big Boy

We're bored to tears until he comes  
And then we're crying cause he's come

Big Boy, Big Boy

Big Boy comes around  
Throws his weight around  
Throws our girls around  
Leaves without a sound

Big Boy, Big Boy

The earth is shaking, so am I  
If you don't run, it's suicide

Big Boy, Big Boy
