

# Ladies

Sparks

ladies, ladies  
on the sofa next to me are dinah shore and sara lee  
ladies, ladies  
in the backyard climbing trees are princess grace and margaret mead  
ladies, ladies

then you pull in the driveway  
you've been out shopping  
i've got to hide them,  
hide, all you ladies  
they nod and smile  
they're disappearing  
they're fading out now  
and welcome home my only lady, my only lady

ladies, ladies  
jackie's in the powder room  
and lois lane will be here soon  
ladies, ladies  
eva braun is cracking jokes

while joan of arc just sits and smokes  
ladies, ladies  
then i call up some buddies  
hey, come on over  
there's ladies present  
"we'll be right over"

the ladies hear me  
they're disappearing  
they're fading out now  
my friends say "where are all the ladies, ladies"

ladies, ladies  
in my kitchen baking cake is betty crocker  
ladies, ladies  
dolly parton's in my pool, and aunt jemima's acting cool

ladies, ladies  
they're really great in person  
they get me going  
but i'm not pushy  
don't want to blow it  
'cause if i blow it  
they start a-fading  
come back my ladies  
where would i be without my ladies
