

# Let the Monkey Drive

Sparks

We're driving north on Highway 1  
Toward Santa Barbara, lots of sun  
Pacific Ocean on our left hand side  
Tough Santa Barbara's on our mind, our love can't wait  
till after nine  
So she says, 'Can't we let the monkey drive?'

Let the monkey drive, we can have our fun  
As we hop in back, out on Highway 1  
Let him take the wheel, 'neath the setting sun  
Let the monkey drive, out on Highway 1

He's passing cars and passing trucks  
And swigs some coffee from Starbucks  
And in the backseat everything is fine  
He never pries in our affairs  
He never listens, never stares  
And we three are enjoying our long ride

Let the monkey drive, we can have our fun  
As we hop in back, out on Highway 1  
Let him take the wheel, 'neath the setting sun  
Let the monkey drive, out on Highway 1

Let the monkey drive, and it's only fair  
It's the monkey's car and he hates to share  
Let him chauffeur us, while we have our fun  
Keep our love alive on Highway 1

With obscene gestures, learned from me  
He works off some hostility  
Toward drivers who might cut him off or slide  
I think his license has expired, he seems to be a little  
wired  
He has some trouble staying on our side

But you and me are doing fine  
We couldn't wait till after nine  
Impossible, our love is way too strong  
He hits the brakes a couple times, but everything is  
superfine  
I'm glad the monkey asked to come along

Let the monkey drive, and it's only fair  
It's the monkey's car and he hates to share  
Let him chauffeur us, while we have our fun  
Keep our love alive, out on Highway 1

Let the monkey drive, we can have our fun  
As we hop in back, out on Highway 1  
Let him take the wheel, 'neath the setting sun  
Let the monkey drive, out on Highway 1

Let the monkey drive, we can have our fun  
As we hop in back, out on Highway 1  
Let him take the wheel, 'neath the setting sun  
Let the monkey drive, out on Highway 1

Let the monkey drive, and it's only fair  
It's the monkey's car and he hates to share  
Let him chauffeur us, while we have our fun  
Keep our love alive, out on Highway 1
