

My Other Voice

Sparks

You're so independent, but that's gonna change real soon.
With my other voice I can destroy this room.
I'll wrap my voice around you and I'll drag you
everywhere.
My other voice.

You think you're romantic, well I'll whisper in your ear.
I'll be all you'll hear for years, and years, and years.
You may be deaf to everything, you won't be deaf to me.
My other voice.
