

# Ride 'Em Cowboy

Sparks

They laughed with me  
Then laughed at me  
They said "how true"  
They said "not you"  
They thought how wise  
Then thought goodbye  
Your hit your stride  
Then Mr. Hyde  
(Ride 'em cowboy, ride 'em)  
They laughed with me  
Then laughed at me  
They said "how true"  
They said "not you"  
They thought how wise  
Then thought goodbye  
Your hit your stride  
Then Mr. Hyde  
Ride 'em  
I got thrown again  
Ride 'em  
Get back on again

I swam, I sank  
Top seed, unranked  
The pole, the wall  
The pride, the fall  
A state of grace  
Slapped in the face  
A state of mind  
Then card declined

From great to good  
From good to fair  
To barely pass  
Stay after class

I'm hot I'm cold  
I'm bought, I'm sold  
First accolades  
Then hand grenades  
They hate your look  
They hate your book  
They hate your guts  
You've heard enough  
It's not your day  
It's not your week  
It's not your month  
It's not your year
