

Tryouts for the Human Race

Sparks

We're just a gleam in lover's eyes, steam on sweaty
bodies in the night
One of us might make it through, the rest will
disappear like dew
Pressure building, gettin' hot, give it, give it, give
it all you got
When that love explosion comes, my, oh my, we want to
be someone

Tryouts for the human race, from Burlington to Bonn
Ah, we are a quarter-billion strong
Tryouts for the human race, from twilight time 'til
dawn
We just want to be someone

We're the future and the past, we're the only way
you're gonna last
We're just pawns in a funny game, tiny actors in the
oldest play
It's an angry sea we face, just to get the chance to
join the race
Gotta make it, gotta try, gotta get the chance to live
and die

We must, we must, we must leave from here
We must, we must, we must, we must leave from here
Gotta make our play, gotta get away
Gotta make our play, gotta get away
Gotta make our play, gotta get away
Gotta make our play

Let us out of here, let us out of here, let us out of
here
We just want to feel the sun and be your little
daughter or your son
We're just words that lovers use, words that light
that automatic fuse
When that love explosion comes, my, oh my, we want to
be someone
