## **Tryouts for the Human Race**

We're just a gleam in lover's eyes, steam on sweaty bodies in the night One of us might make it through, the rest will disappear like dew Pressure building, gettin' hot, give it, give it, give it all you got When that love explosion comes, my, oh my, we want to be someone

Tryouts for the human race, from Burlington to Bonn Ah, we are a quarter-billion strong Tryouts for the human race, from twilight time 'til dawn We just want to be someone

We're the future and the past, we're the only way you're gonna last We're just pawns in a funny game, tiny actors in the oldest play It's an angry sea we face, just to get the chance to join the race Gotta make it, gotta try, gotta get the chance to live and die

We must, we must, we must leave from here We must, we must, we must, we must leave from here Gotta make our play, gotta get away Gotta make our play, gotta get away Gotta make our play, gotta get away Gotta make our play

Let us out of here, let us out of here, let us out of here We just want to feel the sun and be your little daughter or your son We're just words that lovers use, words thaat light that automatic fuse When that love explosion comes, my, oh my, we want to be someone
