

Here I Am

Special D.

Here I am, my brand new track
I wrote it coz you want me back
It's hard for me but it took a while
Consider I love quality style
I got this in a generation
Around the world, across the nation
My love goes out to friends, this track
Put your hands up, special d is back

Here I am, a brand new track
But only coz you want me back
All for 1 and 1 for all
We always rise and always fall
I got this message in a generation
Around the world, across the nation
Will you play my music loud
I, I, I, I, I wanna rock the crowd

It's time to party
Yee haw!!
