

It's Saturday

Special Duties

It's saturday morning and the weekend is here
Friday night was ok, i got full of beer
I,m lying in bed reading the sun
Got rid of a hangover, ready for another one

It's saturday, hey
It's saturday, hey
It's saturday, hey
It's saturday, hey

It's 12 o'clock and i'm back at the bar
We're at home today, so i don't go far
Play a little pool, drink a lot more beer
And 3 o'clock is getting near

It's time to go and see the u's
Forgot the disappointment of last weeks lose
Layer road is the place to be
A better team you will not see
