

Holler

Spice Girls

I wanna make you holler
Imagine us together (let me see you holler)
Dont be afraid to play my game

Boy dont you hesitate, I won't keep waiting for you
To come and let me take you to my fantasy room
Your gonna like it there and all the things that I'll do
I'll treat ya right all through the night

We can do anything
I'll take you all the places you wanna be (I'll take you there,
I'll take you there)
I'll be your fantasy, everything you want you will find in me
If you play my game

[CHORUS]

I wanna make you holler and hear you scream my name
I'll give you rules to follow so you can play my game
Imagine us together, be driving you insane
You will give into me, don't be afraid to play my game

So what ya gonna do, now that I got ya with me
You've gotta show me boy cos nothing comes for free
Start from the bottom and work your way up slowly
Dont be afraid to play my game

We can go all night long
Doing things you thought you would never do (I wont tell nobod
y)
I wont tell anyone, what we do its just for me and you
So come and play my game

[CHORUS (2x)]

I wanna make you holler (holler holler holler holler holler hol
ler come on) [4x]

We can go all night long
Doing things you thought you would never do (and I wont tell)
I wont tell anyone, cos everything is just between me and you
But you gotta play my game

[CHORUS (2x)]

I wanna make you holler
