

# Something Kinda Funny

Spice Girls

Whoa, yeah-ha-ha  
Oh, yeah

We've got something kinda funny goin' on (We got it, yeah-hey-ey)  
We've got something kinda funny goin' on

Wherever you're going, high or low  
Remember to sure enjoy the show  
So climb aboard my journey deep inside  
Better late than dead on time  
Ooh, it's you I know that you have got to feed, yeah, yeah  
Ooh, don't take from me more than you really need  
More than you really need

We've got something kinda funny goin' on (We got it)  
We've got something kinda funny goin' on (We got it, ooh)

Happiness is just a state of your mind  
Keep searching, who knows what you may find?  
Rules are for fools, and fool's paradise is hard to find  
Play my game or get left behind  
It's you that I know you have got to feed, yeah, yeah  
Ooh, take from me what you feel that you need  
You feel that you need

We've got something kinda funny goin' on (We got it)  
We've got something kinda funny goin' on (We got it, ooh)

You've got it, you've got it, hey-yay-yay, hey-yay-yay  
You've got it, you've got it, hey-yay-yay-yay-hey  
You've got it, you've got it, hey-yay-yay, eh eh, hey-yay-yay, hey-yay-yay, eh eh eh eh

Feelin' kinda funny  
Feelin' kinda... queezy  
I ain't that easy

We've got something kinda funny goin' on (We got it, we got it)  
(Ooh, something kinda funny)  
We've got something kinda funny goin' on (Hoo yeah) (We got it, we got it) (Ooh)  
We've got something kinda funny goin' on (Something, kinda, funny) (We got it, we got it)  
We've got something kinda funny goin' on
