

# Walk Of Life

Spice Girls

I'm steppin' out into the walk of life  
Hold tight the vibe is right  
Feel the heat that's in the air  
People watchin' everywhere

Rush hour slow it down  
Stop and listen to the summer sound  
Playing in the park and street talkin'  
London Town is walkin', walkin'

London Town is walkin'  
I said it's really talkin' yeah  
Steppin' in the walk of life  
I said makin' out the walk of life  
London Town I'm stalkin'  
I said I'm really walkin' yeah

The sun goes down, and the lights come up  
So we move on to a club  
Surround yourself with the feel-good groove  
People dancin' everywhere

Make your move go turn it up  
Rockin' rhythm at the rasta club  
Swingin' in the dark and heart thumpin'  
London Town is thumpin'  
I said it was jumpin'

London town is walkin'  
I said it's really talkin' yeah  
Steppin' in the walk of life  
I said makin' out the walk of life  
London Town I'm stalkin'  
I said I'm really walkin' yeah

Zing zinga zinga zinga zinga zinga  
Zing zinga zinga zinga zinga zinga  
Zinga zaaaaahhhhh  
Zing zinga zinga zinga zinga zinga zinga zinga zinga zinga zinga  
Zing zaaahhhh ha ahhh

The sun is risin', but we haven't slept  
I'm not ready to rest my head yet  
Huddle close till you get no air  
See the crew down Leicester Square

Pup-crawlers morning dew  
People watchin' is it you  
Jump the bus and fell hoppin'  
London Town is still buzzin'  
Oh it's really buzzin' yeah

London Town is walkin'  
I said it's really talkin' yeah  
Steppin' in the walk of life  
I said makin' out the walk of life  
London Town I'm stalkin'

I said I'm really walkin' yeah
