

Another Brick in the Head

Spiderbait

Come on baby
We're gonna have a good time
You'll show me yours
I'll show you mine

Come along down
I'm not (something) as a man
I'll show you why
I'm a big tough man!

Big tough man!

Come on baby
You're gonna lock down
All of them said
You are the whore of town

Come in the back
Sit on my lap
If you don't suck my cock
I'm gonna beat your head with a big piece of rock!

Beat you with this rock!

Too bad baby
You bit too late
Now I'm going back
To tell all my mates

How I cut you open
Until you're dead
I'm so glad
I smashed your head!
