

It's true  
I'm cautious  
Feel blue  
And nauseous  
What's new  
It's obvious  
It's you  
You're gorgeous

Cos' you pick me up the floor  
I've never been so good before  
You keep me going on

It's so pretty now  
I can feel it  
I'm not kidding ya  
Can't conceal it  
Ain't nobody else  
Gonna feel it

I keep  
Your distance  
It's all  
Delicious  
If you're su-  
Perstitious  
Then I'll do  
The dishes

Cos' you pick me up the floor  
I've never been so good before  
You keep me going on

It's so pretty now  
I can feel it  
I'm not kidding ya  
Can't conceal it  
Ain't nobody else  
Gonna feel it

I'm on a mission  
Don't need permission  
What's new  
It's obvious  
It's you  
You're gorgeous
