

I Gotta Know

Spiderbait

I gotta know
Tell me now
I don't get it
I wanna know

Walking down the street from my pad
I'm safe and sound in my head
Keeping up a smile full of dread
Everyone around me is dead

I gotta know
Tell me now
I don't get it
I wanna know

Never thought I'd see what I saw
People screaming something at the door
I can hear it all breaking down
Don't you even make a sound

Yeeeeaaaaahhhhhh!
