Invisible Man

Spiderbait

"Listen, Green!"
"Green listen!"

They can't see me
They can't touch me
They can't fuck me
I'm Invisible Man

They can't hurt me
They can't take me
They can't shake me
I'm Invisible Man

I'm gonna hurt you
I'm gonna get you
Gonna run you right down
And then

You can't touch me
You can't take me
Don't you know?
I'm Invisible Man

I'm gonna chase you
I'm gonna get you

Gonna get you boy
I'm gonna run you down

You can't touch me
You can't shake me
I'm gonna get you both
And take you all over town

You can't touch me
You can't fuck me
Don't you know?
I feel so bad

You can't touch me
You can't take me
Don't you know?
I'm the Invisible Man

You just shot me!
You just hurt me!
Oh my God!
Thought I was bad!

You just shot me!
You just struck me!
I'm no longer
Invisible man

I'm gonna lie down
I'm gonna lie down
Lie down here

```
Until I'm dead

You just shot me
You just struck me
Now you are
The invisible man
```
