

# Ooga Booga

Spiderbait

They know  
On the top of my head  
And they know  
Just the way that I go

And they know  
Now my feeling is slow  
And they know  
Now I got my feeling

Don't you want my feeling?  
Don't you want my feeling?  
Now I know  
There's a place for my gun  
And I am sure  
You and me all alone  
And let's-a-go

To a place that I know  
And I might stay on  
Stay gone  
Come on and let me go home  
Won't you let me go home  
Take my bad gone feeling!

Take my bad gone feeling

Take my bad gone feeling
