

Parking Lot

Spiderbait

all day all I think about is you
can't wait to do all the things we do
slip in to my jeans and Ill be gone
takes me half a day to get them on

chrous
here's where i'd wanna be
hanging out in the parking Lot
don't you know I was born to rock
heavy metal boys make me hot
nah-nah-na-na-nah
hanging out in the parking lot
see the charger go round the block
wish the seventies never stopped
nah-nah-na-na-nah
nah-nah-na-na-nah

all week all i think about is you
one day my name there on your tattoo
ripping stuff off from the grocery
getting chased by the security

[Chorus]

Uh-huh

today all i think about is you
wonder what it is all day you do
waiting till the day when you'll be free
so sad now that you're in custody

[Chorus]
