Where you going tonight?  
Cause I've been looking for you  
And where you going tonight?  
Cause I've been looking for you

You seemed a bit uptight  
As you were walking out  
And where you going tonight?  
I'd like to find out  
I'd like to find out  
I'd like to find out

And whatchu doing tonight?  
Cause I would like to come with you  
And whatchu doing tonight?  
I'd like to come with you

You seemed a bit uptight  
As you were walking out  
Ey whatchu doing tonight?  
I'd like to find out  
I'd like to find out  
I'd like to find out

Where you going tonight?  
Cause I've been looking for you  
And where you going tonight?  
Cause I've been looking for you

You seemed a bit upset  
As you were walking out  
Ey where you going tonight?  
I'd like to find out  
I'd like to find out  
I'd like to find out  
I'd like to find out  
I'd like to find out

Think your more than i can get  
there's nothing left to say  
Think your more than i can get  
Don't matter anyway  
Don't matter anyway
