

# House

Spin Doctors

This is my house where I hang around  
As soon as I get up, I start to get down  
You don't need a place to stay  
Our house is any old place we play

This is my house if you don't like it  
just get outta  
get outta  
get outta

Came up so fast gave me the bends  
Now I'm staring into a camera lens  
From rags to riches and back again  
But this is my house and I say when

This is my house.....

This is my house you know that's final  
It's made of plastic, magnetic tape and vinyl  
This is my house now doncha know  
We move in every time you turn on your radio

This is my house....
