House

Spin Doctors

This is my house where I hang around
As soon as I get up, I start to get down
You don't need a place to stay
Our house is any old place we play

This is my house if you don't like it just get outta get outta get outta

Came up so fast gave me the bends Now I'm staring into a camera lens From rags to riches and back again But this is my house and I say when

This is my house....

This is my house you know that's final It's made of plastic, magnetic tape and vinyl This is my house now doncha know We move in every time you turn on your radio
