

Mary Jane

Spin Doctors

R: Mary Jane, Mary Jane
Please don't leave me baby
I'll just find you again

1. I asked my uncle
If I could go
Yes, yes go out and take
Mary Jane to the picture show
But uncle bob sighed
He could not answer
He dies one second before
In the arms of a go-go dancer

R: Mary Jane...

*: I wanna roll you
way down in the fields
where you were born
I wanna roll you
When I'm ragged
And forlorn

R: Mary Jane...

*: I wanna roll you...

You have no friend
You have no pet
If there's anything better than you
You know I haven't found it yet

R: Mary Jane...
