

Short and sweet

Spinal Tap

Short and sweet, my baby's all mine
Head to feet, she's barely 4'9"
She don't come up to here and she stay down there
She don't come up to here, mmm, know what I mean?

Short and sweet, my little costar
Underneath my faulty radar
She give me everything, she don't want nothing
She give me everything, isn't she fine?
Yeah

Short and sweet, wee Aphrodite
Très petite, but mucho mighty
My mini muffin, ain't she something?
My mini muffin, sweet as a pie, yeah

Short and sweet
Short and sweet
Short and sweet
Short and sweet

Short and sweet
Short and sweet
Short and sweet
Short and sweet

Short and sweet
Short and sweet
Short and sweet
Short and sweet
