

Don't you realize that it has to be  
Why did you do this, consolidate my fear  
Face down Save face  
Growing out of my face, what it represents I need  
Why did you do this, consolidate my fears  
It's all inside of me  
It's depraved  
Grows inside of me  
And it suffocates  
Don't wish...it won't help  
Face down Save face  
It's all inside of me  
It's depraved  
Grows inside of me  
And it suffocates  
Face down Save face
