

Negative Space

Spineshank

I don't have what you need
You don't know but I still see
The situation brings me down
See wasted days inside me
No changing ways becoming
Falling away from nothing
Sobering days, I'm dying now
I don't care what you want
You don't know I'm already gone
The situation brings me down
See wasted days inside me
No changing ways becoming
Falling away from nothing
Sobering days, I'm dying now
What I feel everyday
Keeps everything nice and cold
I'm not sure what you need
It's not me anymore
All of our memories are just a thought away
Get the fuck away from me
See wasted days inside me
No changing ways becoming
Falling away from nothing
Sobering days I'm dying now
See wasted days inside me
No changing ways becoming
Falling away from nothing
Sobering days I'm dying now
