

## Negative Space

Spineshank

I don't have what you need  
You don't know but I still see  
The situation brings me down  
See wasted days inside me  
No changing ways becoming  
Falling away from nothing  
Sobering days, I'm dying now  
I don't care what you want  
You don't know I'm already gone  
The situation brings me down  
See wasted days inside me  
No changing ways becoming  
Falling away from nothing  
Sobering days, I'm dying now  
What I feel everyday  
Keeps everything nice and cold  
I'm not sure what you need  
It's not me anymore  
All of our memories are just a thought away  
Get the fuck away from me  
See wasted days inside me  
No changing ways becoming  
Falling away from nothing  
Sobering days I'm dying now  
See wasted days inside me  
No changing ways becoming  
Falling away from nothing  
Sobering days I'm dying now
