

## Slipper

Spineshank

I've reached this point  
With fear my only fuel  
I found my faith  
With nothing, nothing to do  
Run from you...you're binding me in sin  
You've got to...  
I drowned my left side  
With lies I see as real  
I push what doesn't move  
I keep forgetting what is real  
Run from you...you're binding me in sin  
You've got to run  
I keep on running from you  
Keep on fighting me, come on  
Slipper  
Whore...you fuckin' whore  
I've reached this point with fear my only fuel  
Run from you...you're binding me in sin  
You've got to run  
I keep on running from you  
Keep on fighting me, come on  
Slipper  
Whore...you fuckin' whore
