

## Bury My Heart

Spinnerette

I've been known to run  
Like a horse who hears the gun  
I've been known to carry  
Bones they're light on marrow  
I've been known to waste sanity  
I know there's nothing left in silence  
I've been known to waste  
It's a waste  
It's a wave goodbye

If he wants to go  
You can bury my heart

I've been known to cry  
Acid rainbows are for the color blind  
I've been caught in a cycle before  
It's a race back to the starting line  
I've been known to waste sanity  
I know there's nothing left in silence  
I've been known to waste  
It's a waste  
It's a wave goodbye

If he wants to go  
You can bury my heart
