

## Let's Make A Mystery

Spirit of the West

They were right, we've been trying  
To play god without a license  
Light the candles I'll pour tea  
Don't pass judgement just pass the cream  
I work in mysterious, mysterious ways  
Let's make a mystery  
With a name and a history  
Let's make a mystery, shall we  
Shall we please  
Who came first me or you  
You asked me when we wer through  
You said "procreation is the difference  
Between making miracles and having recreation"  
You work in mysterious, mysterious ways  
Let's make a mystery with a name  
And a history  
Let's make a mystery shall we  
Shall we please
