

# Gramophone Man

Spirit

Woke up last Friday morning  
Went and saw Mr. Gramophone man  
And the many magic presents  
That he keeps inside his head and his hands  
Gram man, gram man, gram man, gram man

Gramophone eyes that tell you to sing  
And gramophone mind that wants what you bring  
You find out too soon  
As you notice his ring  
And watch the time the world is waitng  
Give a jump for Mr. Gramophone man  
Jack and Jill falling down off the hill  
Singing songs for Mr. Gramophone man

Going home last Friday evening  
We'd sung a song for Mr. Gramophone man  
Seen the many empty presents  
That he keeps inside his head and his hands  
Gram man, gram man, gram man, gram man

Gramophone eyes that tell you to sing  
And gramophone mind that wants what you bring  
You find out too soon  
As you notice his ring
