Spirit

See him riding across the plain  
She how everybody fears his name  
He's working for the good in  
The mountains and the woods  
Protector of the lame  
Stagiht Arrow is his name

Hear him give his mighty call  
Stagiht and narrow for one and all  
Working for the right  
In the day and night  
Friend of the insane  
Straight Arrow is his name

You got to watch out where you go  
And watch out who you know  
Watch out what you do  
Because Straight Arrow watches you

Hear him give his mighty call  
Straight and narrow for one and all  
Fighitng for the good in  
The mountains and the woods
