

## Elusive

## Spiritual Beggars

You will never see the real me  
I have no interest in you  
Wipe off - that frown  
You cannot hold me down

I know I can shine  
But not for you  
I'll have my day  
My time will come

Stick around  
Spend some time  
Your mental chains  
Stick around  
You will see  
Can't keep me in line
