

## Hello Sorrow

Spiritual Beggars

The treasures you've been taking  
The mistakes you've been making  
You'll do anything for him  
With disgust, you play the fool

You dream of tomorrow  
I came without sorrow  
It's never too late, no  
But you know, you know

Hello Misery  
Hello Darkness too  
Hello Sorrow

You're very close to confusion  
Hard to face the conclusion  
Is it really turned in stone  
That you wind up alone

You dream of tomorrow  
I came without sorrow  
It's never too late no  
But you know, you know

Hello Misery  
Hello Darkness too  
Hello Sorrow
