

## Pelekas

### Spiritual Beggars

Here I am, standing in the middle of her heart  
A year has gone by since I last kissed her love  
Yeah, I'm standing with my beloved beer as the same feelings ru  
sh  
I'm back to where life is life-Pelekas

I see another familiar face-it's Patric  
Who I know won't have a shower until he's on the boat  
My three soft singin' English birds are now four  
And Cactus Marguerita my friend  
Queen of it all

Yeah, I'm down here again  
To get drunk with my friends  
Yeah, I'm back here again  
And I'm filled to the brim with love...
