

## Sleeping With One Eye Open

Spiritual Beggars

Been going nowhere  
For so long you don't care  
Can't hold a thought in your head  
Kinda wasted, kinda dead

Days go by...  
Watch the pendulum swing  
Your fear of life  
Seems so strange

Sleeping with one eye open  
Just a cold, empty stare  
You revel in your despair  
Kinda wasted, kinda dead
