

I got two arms that can hold you  
But no mind for the road  
And they're pushing my life right over  
I'm getting so tired and alone

And I'm living my life on a prayer now  
I got no right to be here  
And they're pushing my life right over  
You get to the edge and it's clear

Freedom is yours if you want it  
But you just don't know what you need  
I made up my mind to leave you behind  
'Cos you just don't know what you fear

Two little words and it's over  
Gonna practise saying it all the time  
Show a little sign  
We'll get there in time  
But you don't accept that it's near

Freedom is yours if you want it  
But you just don't know what you need  
I made up my mind to leave you behind  
You just don't know what you fear
