

Hold On

Spiritualized

You gotta hold on, baby
to those, you hold dear
and gone to the people you love.
Cause death cannot part us
if life already has.
Hold on, to those you hold dear.

You gotta hold on, baby
to those that you love
cause hell's not below us or heaven above.
And death cannot take
what you've already lost.
Hold on, to those you hold dear.

You gotta hold on, baby
to those, you hold dear
you get back the love that you send.
And time makes it harder
where words already failed.
Hold on, to those you hold dear.

You gotta hold on, baby
to those, you hold dear
and gone to the people you love.
Cause death cannot part us
if life already has.
Hold on, to those you hold dear.
