

# I Think I'm in Love

Spiritualized

Sun so bright that I'm nearly blind  
Cool, 'cause I'm wired and I'm out of my mind  
Warm as the dope running down my spine  
But I don't care 'bout you,  
and I got nothin' to do  
Free as the water and air that I breathe  
Even freer than DMT  
Feel the warmth of the sun in me  
But I don't care 'bout you,  
and I got nothin' to do  
Love in the middle of the afternoon  
Just me and my spike in my arm and my spoon  
Feel the warmth of the sun in the room  
But I don't care about you  
And I got nothin'

I think I'm in love,  
probably just hungry  
I think I'm your friend,  
probably just lonely  
I think you've got me in a spin now,  
probably just turnin'  
I think I'm a fool for you babe,  
probably just yearnin'  
I think I can rock and roll,  
probably just twistin'  
I think I wanna tell the world,  
probably ain't listenin'  
Come on

I think I can fly,  
probably just fallin'  
I think I'm the life and soul,  
probably just snortin'  
I think I can hit the mark,  
probably just aimin'  
I think my name is on your lips,  
probably complainin'  
I think I have caught it bad,  
probably contagious  
I think that I'm a winner, baby  
Probably Las Vegas  
Come on

I think I'm alive,  
probably just breathin'  
I think you stole my heart now, baby  
Probably just thievin'  
I think I'm on fire,  
probably just smokin'  
I think that you're my dream girl  
Probably just dreamin'  
I think I'm the best, babe, come on  
Probably like all the rest  
I think that I could be your man, oh, probably just thinkin'

I think I'm in love

I think I'm in love  
I think I'm in love  
I think I'm in love  
I think I'm in love  
I think I'm in love  
I think I'm in love
