

Lay Back in the Sun

Spiritualized

Hey take it right down
Lay back in the sun
Gonna have me some good times
Good, good dope and good fun

Hey honey I feel
So good to be free
I've got a fever inside of my soul
I've got a fire in me

Honey, get me some fun
Lay in the sun
Take me some more
Take me someone
Gonna have good times babe
Good dope and good fun

Hey take it right down
Lay back in the sun
Gonna have me some good times babe
Good dope, good fun

Hey honey y'know
Gonna take you right down
Gonna have me some good friends around
Gonna have me some good times in town

Gonna get me some fun
Take me some more
Take me somewhere
Lay in the sun
Have me some fun
Take me someone
Take me somewhere
Lay in the sun

Hey honey y'know
Lay back in the sun
Gonna have me some good times babe
Good dope, good fun

Lay back in the sun
Get me some fun
Have me some wine
Have me some time
Take me somewhere
Take me someone
Lay in the sun
Lay in the sun

Good dope, good fun
Gonna take me right down
Gonna have me some good friends around
Gonna have me some good times in town

Gonna have me some fun
Lay in the sun

Lay back in the sun
Lay in the sun
Have me some good times babe
Good dope, good fun

Good dope, good fun
Good dope, good fun
Good dope, good fun
Good dope, good fun

Lay back in the sun
Lay back in the sun
Lay back in the sun

Good dope, good fun
Good dope, good fun
Good dope, good fun
Have me some good times
Good dope, good fun
